Service contract

A service contract is included with all new perpetual licenses and is valid for one year. A yearly service contract gives access to software updates, database updates and access to the helpdesk.

Service contracts are renewed every year in accordance with communication with Miljögiraff at least 5 weeks before expiry date.

A license without service contract for one full year is considered ended and cannot be updated again. For new updates after one full year without service contract a new license is required. Any time prior to one full year after the last expiry date the service contract can be resumed from the last expiry date again.

The yearly fee for the service contract is €1 200 per user.

License agreement and signature

By accepting this form, the Customer acknowledges that it has read the terms and conditions (which can be found on simapro.com/end-user-license-agreements) and that it fully understands and agrees with these conditions.
